

Dennis' Moment Update From Wyoming

September, 2024

In 2023, CJ Thoroughbreds and Eugene Joyce of Wyoming acquired Dennis' Moment and relocated the Kentucky-bred Thoroughbred to stand in Wyoming beginning in the 2024 breeding season.

Dennis' Moment is doing very well, and in fact, he's thriving in Wyoming. In his first year as a stallion, Dennis was a quick and eager learner. The farm management team comment that he has a calm, easy going demeanor and he's extremely cooperative in the breeding shed.

From the 2024 breeding season, there are 16 Thoroughbred mares in foal to Dennis, his first crop, and all Wyoming-breds.

In July, Dennis' Moment and our mares were relocated from Golden Creek Equine in Cheyenne to a new farm operation, also in Cheyenne, which is owned and operated by Dave and Cindy DeLancey, well-known and respected horsemen in Wyoming.

Since arriving at the Delancey's Rodeo Ranch, <https://www.rodeoranchwyo.com/> Dennis has gained a healthy 68 lbs. He looks fantastic and he's happy at his new home. Cindy DeLancey said all of the team at Rodeo Ranch love having Dennis with them and he's a joy to be around.

In addition to being an accredited Wyoming Thoroughbred stallion, Dennis' Moment has been registered as a stallion with the American Quarter Horse Association as we explore breeding opportunities for Appendix Quarter Horses, including shipped semen.

“Right out of the gate in his first year as a stallion, Dennis' Moment has proven himself as a productive stallion. As his reputation grows in WY and the region, we are certain Dennis will be a sought-after stallion. We're excited about the 2025 breeding season, especially with our new partnership with Delancey's who have made a commitment to CJ Thoroughbreds, Dennis' Moment and our mares under their care at Rodeo Ranch,” Britt Todd, CJ Thoroughbreds Director of Wyoming Operations.
